Introduction to New FINTRACS Features Webinar

The Controller's Office and the Enterprise Systems Finance Team are excited to introduce new features in FINTRACS available in the second half of June 2024. Join members from the Controller's Office to learn about these new enhancements to the user interface and new functionality via webinar. Two sessions will be offered, one on June 12th and another on June 14th. Both sessions will be the same; please sign up for the session that best fits your schedule. A recording will be made available on the FINTRACS video channel at the link below after the sessions.

New enhancements and features include:

- Additional links at the organization level to external MicroStrategy reports;
- Additional links at the fund level to external MicroStrategy reports;
- Ability to export data on Organization Search, Organization Status, and Transaction Review pages;
- Enhanced user interface look and feel across all pages;
    - Includes additional data fields, visual color coding, and more feedback regarding why action icons are disabled;

We look forward to seeing you there!
